Northern Kentucky welcomes newcomers and new ideas with open arms, thanks to a robust entrepreneurial community that connects startups and small businesses with mentors, partners, resources and potential funders.

Our Entrepreneurship and Innovation division is the front door for entrepreneurs in the Northern Kentucky region. We provide guidance, mentorship, connections and the right tools for entrepreneurs at any stage. In 2018, we were awarded two grants to support entrepreneurs in the 8-county Northern Kentucky region; the [RISE Grant](#) funded by the [Kentucky Cabinet for Economic Development](#) and the [i6 Grant](#) funded by the [EDA](#).
